TEACHING

Consulting Projects module (4 years): This has been a compulsory module on the MSc Management. Consulting projects are sought from firms that have included large international FTSE 100s, SMEs and start-ups. Students are expected to develop market research around sourcing new revenues, developing business structures for start-ups, marketing products and services or identifying future investment opportunities.

Project/dissertation supervision for MSc and MBA students (10).

Curriculum Vitae – AMANDA GOODALL (PhD 2007)

Expert Leadership module: This module is designed for future managers and leaders who are experts or professionals such as doctors, academic researchers, engineers, vets or in professional service firms. The module draws from behavioural economics, management and psychology.

Personal Leadership Development module: This module helps prepare leaders and managers by formulating a personal development plan, personal style analysis, communication in leading and designing effective teams, conflict resolution, negotiation, and coaching skills for leaders.

Masters in Medical Leadership and Enterprise: Co-founder of an innovative fully modularised 2 year part-time Masters programme tailored to doctors. The executive Masters targets Consultants, GPs, aspiring junior doctors and dentists (to be sponsored and accredited by the Faculty of Medical Leadership and Management FMLM). Supported by an international high-level advisory board and associated network.

ADMINISTRATION

- Co-Director and co-founder of Executive Masters in Medical Leadership starting 2017-2018.
- Academic Head of Recruitment for FT MBA (2012-2015).
- Co-founder of Cass Academic Women 2014-15 (annual position) and member of University Gender Committee.
- Member of University Senate (2014).
- Member of University Bibliometrics Committee (2015).
